

# INSIGHTS

OCTOBER 2018

Quarterly News & Happenings from **axway** 

As the leader for the Latin American region, I see a lot of opportunities in the adoption of the digital, especially with the growing demand for well-established solutions such as API, B2B integration and Digital MFT. I also see how interested the local market is in new and trendy solutions like our content collaboration platform, Syncplicity.

This newsletter is the perfect channel to share best practices on these topics and trends.

Latin America is a rising region for Axway thanks to our customer's confidence in us with the commitment and dedication of our employees, as well as the continued successful relationship of our partners.

Regards,

**Marcelo Ramos**
