

A Catalyst for Digital Transformation

A history of innovation.

Ever since the release of the industry-first business rules engine, Règle du Jeu (RDJ), Axway has been a catalyst for digital transformation. Our unified, API-enabled approach connects data from anywhere, fuels millions of apps and delivers real-time analytics to build powerful customer experience (CX) networks. From idea to execution, our expertise has made the future possible for more than 11,000 customers in 100 countries.

Moving beyond omnichannel with AMPLIFY™.

Axway AMPLIFY lets customers fuse data from anywhere to power a CX network that unites employees, suppliers, partners and developers into an agile force for innovation that's as fast and fluid as today's digital consumer. AMPLIFY builds on and extends the proven capabilities of Axway product sets – Analytics, API Lifecycle Management, App Development, Community Management and Integration – while adding a common layer of security and visibility.

A strong ecosystem of partners.

Axway partners with some of the industry's top brands to create solutions that help your imagination take shape.

Transforming your imagination into real change.
