

A modern, mobile collaboration solution for marketing teams

Access all your files anywhere, anytime, on any device

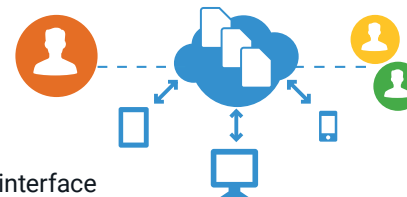

Syncplicity is a powerful, secure enterprise file sync-and-share and collaboration solution that keeps marketing teams connected and streamlines content creation and management.

Syncplicity enables whole-team collaboration on any type of file, from creative designs to wireframes, media communications to sales presentations. There are no file-size restrictions, and shared folders automatically sync between your computer, tablet, and smartphone in real time.

- Teams can access and share from any device; sync once and files are available anywhere
- Integration with Office 365 on mobile and web streamlines content sharing and collaboration
- Securely collaborate with external vendors, partners, and customers

The content you need, when you need it

- Distribute collateral to your mobile salesforce and instantly sync updates so everyone works with current and approved materials
- Securely share confidential materials with stakeholders and track who's viewed them
- Create, edit, and share Microsoft Office documents, even from your mobile device
- Experience our breakthrough iPhone user interface
- Sync and share large files — no FTP, email, or separate Dropbox folder required

Marketing strategy and planning

- Daily, weekly, and monthly performance reports
- Marketing calendars
- Brand books and style guides
- Budgets and financial performance summaries

Global launches and campaign management

- Campaign strategies and related assets
- Presentations, PDFs, and videos
- Rollout strategies, project plans, and campaign calendars
- Communications and messaging frameworks

Corporate communications and public relations

- Analyst and press briefing materials
- Images and videos
- Press releases

Event planning and production

- Contracts
- Abstracts
- Conference presentations
